Item number:

RMCD-Plus-PRO

Created on 05.01.2026

## Description

### RMCD-Professional

With the RMCD-Road Marking Control Device, we have developed a completely new system for operating road marking machines with greater convenience.

The RMCD-CAN bus system forms the basis. In conjunction with the RMCD-Drive, the intuitive operating element, you can read all relevant information on the high-resolution display or simply enter it.

In addition to a completely new user interface (RMCD interface), we have incorporated additional functions. Such as changing the line or gap lengths during work. A reminder function for services and much more.

### Advantages:

- RMCD-Road Marking Control Device - Standard
